August 26, 2014

Dear friends,

I apologize, it has been four months since I put out the last letter! A lot has gone on since the end of April.

We continue to see couples and individual in counseling. God continues to provide the healing! We are blessed to be a part of this ministry that heals hearts which changes lives which change families. Your prayers are vital to bringing about the healing. Thank you for supporting this work though prayer!

We have been catching up with technology this summer. The office now has a smart phone, a computer upgrade and we finally send attachments as pdf files. A new logo graces our newly revised web site. We liked the old logo but, it did not appeal to men when displayed at men's conferences. The new logo has more of a universal appeal and describes our purpose.

Details on our fall fundraiser running event, the Homestead Half Marathon and 5K Run/Walk are in the attached registration form.

Why the name? Homesteading was not easy but it was of great value to families who persevered to prove up on a farm. Those who succeeded were in it for the long run. Marriage and relationships are similar in that it takes consistent work over a long period of time. BCCWY exists to help people through the peaks and valleys of the long run.

For those who can, we would appreciate your participation either by volunteering at the event or by running/walking in the half marathon or 5K. Please contact me at the office phone or by e-mail if you can help. Volunteers will receive a long sleeve tech T-shirt.

We welcomed our second grandchild into this world on June 16! Jaren was four and one half weeks early but he and his family are all doing well. Jaren was welcomed into the family of Nathan and Evie Brennan along with two year old sister Selah.

Please join us in the following praises and prayer requests.

Praise God for the emotional healing he provides to those seeking healing.

Praise God for those wanting to make relationships and marriages better.

Please pray that those seeking help will find it through the power of Jesus.

Please pray for the details of the Homestead ½ and 5K, including the weather.

In Christ,

Charlie Reed, Director
